RECOMMENDATION:

It is recommended that the Board:

1. Approve final plans and specifications; and,
2. Approve the date for bids be advertised as Tuesday, April 17, 2001, at 3:00 p.m. in the Board Room.

SUMMARY:

Submitted are plans and specifications for the Lincoln Park - Outdoor Refurbishment (#1232C) project, located at 3501 Valley Boulevard, Los Angeles, CA, as prepared by Wagner-Halladay Incorporated.

The proposed construction involves the removal and replacement of the existing aeration system and a new biofilter system. The new biofilter pump and aeration equipment will be installed inside the existing pump station building.

Lake filtration system construction is a specialty field, therefore, to ensure quality, all bidders will be required to list a minimum of five (5) lake projects of a similar scope or greater completed within the last five (5) years.

The designer's estimate for construction is \$420,000.00. Funds are available for this project in the amount of \$600,000.00 from Fund 698, Account N262. The construction period for this project has been set at 90 calendar days.

Staff has determined that this project is exempt from the provisions of the California Environmental Quality Act (CEQA) per Article VII, Section 1, Class 3 (4) of the City CEQA Guidelines.

The bid package has been approved by the City Attorney's Office.

Prepared by Virginia Hatley, Project Manager.
