RECOMMENDATION:

It is recommended that the Board approve the programming of \$75,000.00 in Quimby funds from Little Landers Park to provide roofing improvements at Bolton Hall.

SUMMARY:

The Department has received a communication from the Councilmember of the 2<sup>nd</sup> District requesting roofing improvements at Bolton Hall. The roof has been leaking and may need additional wood rafter repairs. The leaking roof is damaging the building which is a historical site.

There are sufficient Quimby funds in the Little Landers Park account (\$81,872.16 - 946LL), and the request is to use approximately \$75,000.00 of Little Landers Park funds for the roofing improvements.

Staff recommends approval of this project and these expenditures. The Council Office and Valley Region Superintendent concur with the recommendation.

Report prepared by Camille Didier, Supervisor, Advance Planning/Special Projects.
