RECOMMENDATION:

It is recommended that the Board approve a revised Memorandum (MOU) between the Department of Recreation and Parks and the Bureau of Street Services, to provide construction services at the Hansen Dam Area Dronfield Entrance (#1165A).

SUMMARY:

On February 20, 2002, the Board approved an MOU between the Department of Recreation and Parks and the Bureau of Street Services to perform roadway improvements at the Hansen Dam Area Dronfield Entrance (#1165A) (Board Report #02-85). After further review by both agencies, it was deemed necessary to modify the MOU prior to having final signatures. Changes to the MOU include the deletion of the Department of Water and Power, the addition of the Department of Transportation, minor changes in language, and a more detailed cost estimate.

The summary of the changes is listed above. A copy of the previous Board Report and the revised MOU is available at the Board Office for review.

Prepared by Robert Gutierrez, Project Manager.
