REQUEST FOR PROPOSAL
THE VENDING MACHINE CONCESSION
(RFP# CON-F24-002)

QUESTIONS & ANSWERS #1

1. Q: Gross receipts are normally minus sales tax and CRV. Are commissions to be paid on gross receipts minus sales tax and CRV?

A: Yes, commissions are to be paid on gross receipts minus sales tax and CRV.

2. Q: Some locations have high vandalism rates, and the machines are broken into to get the cash. Can we do credit card only and no cash?

A: Yes, the Vending Machines can be cash and/or credit card so credit card only is acceptable.

3. Q: Under the section C.6 Vending Machine Specifications, #10 vending machines must not be older than years.... Can any machines that are older than three years be used if they are completely refurbished and offer all the features as new machines?

A: Yes, this section of the RFP has been modified under Addendum 2 so that any machines that are older than three years can be used if they are completely refurbished and offer all the features as machines that are within three years.

4. Q: In addition to current locations on the RFP does the vending operator have the right to decline potential new locations if they determine that they are not profitable?

A: Yes, Concessionaire has the right to decline a potential new location if Concessionaire in good faith determines that such location will not be profitable. Concessionaire will inform RAP of its reasons for such determinations in writing.
